TESTIMONIALS

"Relaer has been excellent in providing AirAsia X with the required services. They serve as an extension to us in the production line and kept our cost at optimum"

Anaz Ahmed Tajuddin - Head Engineering

"We have worked with Reliance Aerospace Solutions (RAS) now for a number of years, predominately on new aircraft deliveries, but also annual inspections too. Overall we are very satisfied with the outcome of the technical projects performed over recent years and are thankful of the efforts and dedication shown by their team. The flexibility and professionalism they have exhibited when working together, underlines their commitment to the customer. We look forward to continuing to work with RAS in the future and building on our professional relationship further."

Alan Godson - Senior Vice President Technical

招银金融租赁

CMB Financial Leasing

"Dear Claus and Relaer team, Congratulations! Appreciated for all your professional support for this successful delivery. Looking forward to work with you together in 2023. Happy New Year!" Best Regards

Minchao Xu - Aviation Leasing Department

Etihad Airways have used Reliance Aerospace Solutions (Relaer) services to carry out the inspections during the final assembly of our Airbus fleet both at Toulouse and Hamburg. They have assisted Etihad Airways during the whole process from the start of the sections arriving on the Final Assembly Line to the Delivery of the aircraft in the most professional manner and using their expertise to achieve an excellent result which has resulted in the smooth entry into service of each aircraft. Relaer have provided the service for the following Airbus types, A320, A321, A330, A340-500, A340-600 and A380's. In particular on the A380 program and the delivery of a head of version, Relaer became part of the Etihad team and we worked as one to overcome supplier and OEM issues. This proved crucial in getting Airbus to comply with their promises and in the delivery of a quality aircraft.

David Hamilton - Head of Aircraft Delivery

Dear Relaer team, It has been an enormous pleasure to work with you once more. Thank you for your assistance, exceptional knowledge, expertise and guidance during the past deliveries. We can see the hard work and dedication in the quality of the aircraft we received. Thank you for a job well done!!!!

Elsje Du Preez - Head of Department Fleet Management

Thomas Cook Group

I'd like to take the opportunity to say Thank You to you and the entire Relaer-team! We really appreciated your great support and the contribution during the last eight deliveries! All these on-time deliveries wouldn't be possible without your on-site assistance!

Dipl.-Ing Axel Scheffe - Manager Group Fleet Operations
